Hongkong, March Sed. 1894.

Mr. Humphreys's motion for the reconstruction of the Sanitary Board fell on stony The plot may be indicated in a few words. sociation wish to retard progress in Oblina? It ground at the Board's meeting on Thursday. Charley Shackleton has deceived a guardian, looks almost as if it did. Of what account is it ing hiss Skinner's face in her hands and im-Perhaps the way in which it was presented binness a child, by declaring to Chinese that millions of tone of shipping now printing a regular school-girl's kiss on her and the personal element introduced may for his extravagancies, and is horrorstruck to on their shores should be deprived of occupation. The big frigate came on down and closed. have had something to do with alienating loarn that his guardian is about to pay him a and the capital represented suffer enormous de- with the packet like a living avalanche, with the sympathies of some of the other mem- the difficulties that ensue afford great scope for be blind and regard a loss of trade with com- solid roll og mass like a tidal wave, and apreadbers, but in any case the official members amusement, which the London Lyric Co. are placency, why should "we, the people of Shang- ing out away behind her on either side in long could hardly have been expected to vote in sure to take full advantage of. "Jane" will be hai," be agonized on their account I If the mills, milky tambling and entwining lines of embryo favour of a motion for diminishing their ten and powerful little play of domestic interest, bave hitherto been consumers of their manufactin flerio play and dying out far far astern of her own influence. But sooner or later the and will be followed by an attractive variety pro-Sanitary Board will have to be reconstructed gramme. and it is to be hoped that Mr. Humphreys A telegram was received from Prince Sweeti, on for Thing Sorely a moment's consideration pyramids the skychils forming the aper of cach, in two or merged in a larger representative body, will go on working to hasten the arrival of morning to man his inflance in beinging about would have made plain to them that if it while the studying sails, which were out below. that time. The chief opposition to the mo- an amicable settlement of the dispute between facture it must be an equally good thing for wings purposely set there on the outsides of the tion on Wednesday came from two of the the Korat Railway contractors and the Royal China to do so likewise, and it would there- proud and lefty mass to complete the frigate's unofficial members, Mr. EDE and Mr. Rohns sugaged the services of Mr. Kemman, a Bhanghai Branch of the China Association re- and ever made and aimlessly careering over the FRANCIS. Mr. EDE'S opposition was based leading German engineer, to act on hebsif of presents, whether the people of China or the deep the whole fabric swaying with a gentle principally on the fear that if the Board were popularised the preponderance of the voting ing the official necessary leave. In ormation merco with gold countries to see their ventures when the frigate arrived within close hail her power would rest with non-British residents. and we would have one British member on the Board and all the rest aliens, for the simple Lauge, chief engineer to the Imperial Public reason that the majority of the ratepayers Works Department, represents the Sismese Goare not British. But in framing the new constitution of the Board this would naturally be guarded against, the voting being confined to British subjects, or an arrangement being made by which a certain number of the members should be elected by the Chinese, and a certain number by the Buropean community. That the Chinese | sides:should be represented on the Board will b conceded by all, for it is of the first importance that the sympathy of that section of the population should be secured in support | J. A. Strick of the efforts to improve the sanitation of Cr. R. Murray Rumsey, R.M. Major Maclanghlin the Colony and their fears and suspicions be disarmed. The controlling influence on R. F. Lammert the Sanitary Board, however, as in all other and to secure that there must be a majority of | shires will play the following British members. Mr EDE went on to say that before any one could reasonably ask for Overture reconstruction it ought to be clearly shown that the Board was a failure and likewise Valse that members elected by popular suffrage would do better. The Sanitary Board has certainly not proved a failure, but on the would be if its powers and representative of the Legislative Connoil says:-Meanwhile England its manufacturing supremacy can only walls, with her namerous stout though finely shown that members elected by popular suffrage would do better than members to look upon England as the best governed

it is not worth while to move for any such mistake.

idea is that it would be advisable to agital for an amendment of the constitution as a stepping stone to the enlargement of the powers of the Board, for a popularly elected body would be ablu to exert greater influence with the Government than such a body as the present Sanitary Board, which is largely composed of official members. The enlargement of the powers of the Board must be brought about chiefly by the efforts of the Board itself. and with its present constitution those efforts are not likely to be very sorious. Hence the necessity of a re-constitu- reported, of tendering his resignation, though tion of the Board as the first stop in the direction of reform.

The M. M. steamer Orns, with the outward objecting to the selection of a Peer. French mail, left Singapore at 2 p.m. on Thurs-

culta and Straits, left Singapore for this port addition of incher amendments which will neceson Thursday at 5 p.m.

" Halliburn, will you and your friends show yourselves." Mr. History said. "The ladies are now ready to receive combiny." There was but a short chat, then the stretchers were brought up and the girls holped to take their places apon thom. They were then covered up closely with blankets. The portors lifted You can arrange for the bug zy to be taken and then proceeded quietly down the hill, the goods to them during business hours,

he incidents of their adventure. "It was touch and go," he said. "Another quarter of an hour on that glacier would. I believe, have finished as all. It was not fatigue so much as it was the loss of heart that one felt. The wind seemed to go right through one, and to take all one's plack out. I wonder the ladies

"I can quite noderstand that," Lord Hall burn said. "I had notided what it would be like until we got into it, and then, though the porters had brought up warm wraps for as, it was terrible. I should quite have given up hope had not the guides persisted that if you had got off the glacier you might have taken sholter somewhere under the lee of a rock and that if so we might find you unharmed." "It was too late when we got off the glacier to think of it. The ladies were already almost insensible, and the rest of us so chilled to the bone that no shelter would have been of any use unless we could make a fire. That, of course, was

will give von the name of half a dozon stable make straight down the mountain. That was Hawtroy and Fortesone seem badly knocked Yes they were completely exhausted by the For six horses, at least, by what I heard them a They are presty well alike in that respect all time they got into that ravine. I don't think say, four horses and two mules. The two men over the world." Captain Hampton langued. "I they could have gone much farther; they drop-"I fanoy it whome with the handle of the were talking about it and they wanted bigger have bought some horses in my lion, and I don't ped off to sheep the lustant we lighted the fire, knife," the official. "The pegro could have collars for the two wheelers because they will take me in much, still I am and if we enald not have done so I fancy they much obliged to you for your warning. I don't would never have woke again. The women bore "Were there two men then as well as a girl?" think I should have been prepared to bid them up bravely as long as they had strongth to strong. down on him is the end of the bill. That You, three always prime logother; one of only if third though I should. I dure say, have glo on. They literally went on until they drop.

There is a mule here for you. Armstrong: indeed there are mules for all of us. for we Then I think I will ride, for I feel wonderfully shaky about the knows now it is all over. "No wonder." Lord Ulleswater said, "it is to drink, and the se of the doctors left after prices. We did not get very much out of that can't stand hard work and weather like those bad enough coming down the hill by oneself, but just brought in I ain t sure you would not do carrying a lady it must have been hard work in-"I did not feel much. The weight, well up on the shoulders wis nothing, and I kent se ting by his master ad-ride and then relapsed of curs. I don't know what his name was; the It took Cap'ain Hamnton three days before close behind the guide that I walked in his foothe had purchased three horses to his liking; but steps. I went blindly, without thinking much Thank you I deresty I shall be coming in when he had done he was well confect with his about the path one way or the other, the thing | Kriemaild, Gor at 1.901. Hillsbrank, Mar. I bargains, all of which he had picked up at farm | that worried me most was that either Hawbrey houses a few miles from the city. A store of or Fortesons might give out, and I could not

we could carry the women down, and I thought Lysemson, Ger. str., 1,213, Henera un. Mar. I. that the warmth of our bodies would keep life Siemssen & Co. for Thanghal in them, but if Hawtray or Partazone fell I did Miodall. British stainer, 1,889, Porter, Mur. I.

MRS CALAP GOES TO SEE MRS. MILLS.

And it was not for an hour's chat over a cup-Sexreely a word had yet been spoken. Both of ten that she went to see her, but on a much Chinese Mr. Hawbrey and his friend were completely more serious matter. For Mrs. Mills had been Phra Chan Riao, British etc., 1,112, Fowler, exhausted. Since they had left the glacier they quoted in the gard papers at having said somehad staggered along in a half stop fled o indition, thing which might be of importance to Mrs. lilet Fish, British str., L17, Stopaul, H. & W feating that in Spits of their exections they were | C.lap and also to others. NORTH FORMOSA.

BY CHAS. J. H. HALCOMBE, AUTHOR OF " PALES FROM FAR CATHAY," ETC. To JAMES CANTLIE, M.A., M.B., F.R.C.S, this work is most gratefully and affectionately inscribed by the author.

CHAPTER VIII .- Continued. On entering the Heaveuly Hall Claude Evans was shown to a seat of houser on the right hand side of the alter and next below the Ya-wang (Admired Prince), whilst "Bergoant" Jones respectfully pulled off his helmet and querremoniously oldowed his way to a sort behird him and next to the Tow Wang (Yellow Tight), who was most polite and offered him one of their bibles; but as Sergeant Jones was not scholar of oriental languages he politely declined it. The left hand side of the ball was not apart for the ladies, who entered shortly before the service began, headed by Prinbass Chian-hwa (Azalea), who occupied chair on the left hand side of the magnificent alters in front of which stood the court chaplain. either side stood the musicians with their and ego: the time-worn home in the early about his refined and handsome face as he looked clarionats and horns. The service was opened

thne:--" We revers thee, O God, our Heavenly Father. We praise Jouns who saved the world. We magnify the Holy Spirit, the holy knowledge: And praise the Three persons joined in the Trus

O God, let thy light shine down upon us all. the with us in all Christian wars and in our rest; And when our days are over take our rouls away To heaven that we then may find true peace," ate,

This pealm was sung by the whole congregation and was followed by a short hymn that was not onhanced by the barsh-sounding musical instruments that were repeatedly used during the sorvice. But the earnest faces and uplifted voices of those brave and noble people could not fail to eligit one's admiration and solemn respect for l their hard orwade. I ren the rough unsontial rayerence: for he rolligiously buried his big simburnt face in his broad helmot and seemed very devout and also a little purplexed as be occasionally took a sly glance over the rim of it at the minister and a lingering one at the rows of young Celestial ladies who occupied the opposite side of the long hall, on either side of which somehow reminded poor Evans of the bygone Sunday evenings at home, and, whilst surrounded by sense of peace stole over him that was rendered strangely grateful by the mobile and truthful fice

of the lovely A mloa at the reisod her clear, sweet voice of supplication to her Father in Heaven. How charmingly sedative and thrillingly sublime are the memories that in these moments pass across one's mind, lingering here and there about some half forgotten relie of the past, some quiet archaic nook of youthful days-perhaps graced by a lost or departed friend-or perchance resting, in mid ocean, upon the deck of the good ship that here you away so many years ago, and where the forms of those sea-made friends still costatic waitz whilst thus becalmed, the ocean swells now and again gently rock the old ship: making the sails idly flap, and marmor playfully on each side are they glide gently onward to

After the service was over the two Englishmen were shown to their apartments, which were close together, situated near those of the Changwang. The two rooms allotted to Evans were | And as you passed into the graveyard of the artistically and elaborately furnished in oriental little Norman chapel of theree you could see: style and bung with ourious Chinese and Japa. placed in front of the family vault of the Evans. nose pictures, some of which were very old a small white marble cross bearing this inand valuable, dating back as-far as the Sung scription :dynasty. The windows of his bed-chamber overlooked a ministure landscape of surpassing variety and beauty, containing quaint rustle

break on some distant above.

bridges, small shadowy lakes and artificial grottons, whilst here and there a chriously fashloned marble sent, with antique sculptures on each side, was placed beneath the friendly foliage of mimosa and willow tress-to-catch the restive eye, while the senses were enchantingly fulled by the silver-toned splashing of waters and the perfume of magnelius and access, and other exotic plants and flowers that bloomed in | As loved ones gass me bythe spacious gardons of the palace. On one side of the room a cu tained door gave entrance to a large marble bath that was built

in the Isoman style and continually supplied from the mouths of six gigantic and grotesque squire and his daughter entered through the eld sen mon ters that formed the basement of a high white status which stood in the centre of the into its cooling waters, which were most refreshing and agreeable after the heat and dust of the a light meal that comprised many Chinese dainties and foreign wines, to which the tired traveller's did am ple justice. Sergeant Jones also availed himself of the use

of a smaller bath that was attached to his room and afterwards are diligently of all that was spread before him. He seemed quite amused ed with their failings; and, being ready in the with the novelty of the situation, and when day of adversity to aid thom, and in that of promoralizing to himself be came to the conclusion | spority to guide and advise them, had guided that it was "a queer racket-no mistake, and not half bad accomidashun for 'ostile wisitors." often went with him to their cottages, for her Before retiring to rest he went in to bid his friends were the humble persontry and their master good night.

Nearer and nearer it came, seemingly and evidently musing about something that keeping time with the gentle z-phyre and en- | perplexed and worried her. trancing the calm clear night as the fair musician emerged from a flower-decked grove and withher chosen ladies sat down on a marble seat and, whilst chatting quartly with them, allowed her supple tingers to wan be over the strings of her thought. guitar. And as she at times looked thoughtfully upwards the silvery beams of light revealed the beautiful features of Az ilea to her "brother." at the window, who sat alone, as in a trance, listening to the sweet music of her soul until the stars grew brighter, the moon began to wane, naturally feel anxious for his welfare. But, and the minstrel went away; leaving him alone Dora, he has brought sad disgrace upon his and more at rest: to sleep and perhaps to dream - family : and these things cannot be obliterated." CHAPTER IX.

. It was a bright morning in spring and the son. ras shining between the goarled oaks that stood heritage of the Evans family.

extensive, and some good shooting could have been obtained on the estate, for there were but few gamekeepers kept, only one notorious peacher in the locality, old Rue, the gardener, was not in the state of youthful sgility to be fond of stalking game to any extent and contented himself with the hos and rake, and the squirewas beyond those sports. Therefore the rabbits could burrow in peace, the partridges and pheasants brood undisturbed, and little notice was taken of the bright young lady who was wont to wander through the glides and sing her songs to the smaller birds which, perched in the tall class seemed always to be watching for her, and, wh n she came, to worble merrily. And in the evening the old barn owl would take up its position on the sun-list and sharpen his beak on the time-worn disc, while the nightingale sat among the orespers on the summer-house and lent a voice to the soft airs that played in the foliage above and sang those old semplific melodies of nature that will ever remain untitled by this world. For the beasts of the field and the birds of the air knew that Holmwood Hal was a quiet and desirable residence, and the pro-

ple who resided there, friends who did not distorb them. The old manion looked grim and picturesque in the morning light, as its domes and turrets of an early period stood fromning majestically upon the broad expanse of wooded country. And from the parapetied room the long ivy droop. and wiser now." ad down and shaded the amall bay windows where Pays of clivery light denoid on the mulliones

teristic; and to this ago we owe the exquisitely ! beautiful knotted-oord pattern, that lingered the poverty-stricken peasantry, who are very disinto Christian times, and may be seen on the affected and have shown a lawless spirit. Since New Malwa the Anarchist propagando has been so active in Old Malwa.
The entire history is one of rapid advance—the rural districts, especially of the provinces of Older Malwa. oross of Iona. ment in civilisation. The orient sent her gold and ivory and coral to the occident, receiving in been carried off to inaccessible retreats in the Latin (New)..... \$820 exchange the amber of the Baltic and the motals mountains, and multreated if ther families delay Tatna (New) 153, \$640 of the north and west. The old trade routes, astablished by the Etraskans and Phoniciana, still were thronged with busy merchants, and a new route from Olbia on the Black Sea, prossed Europe to the amber coast of Samland on the Baltio. We are apt, thanks to early education, to look upon these times as barbarons, to picture our angestors as painted savages. Nothing is further from the truth. Cm ar somewhat decried the people he could not conquer. No savage race woman. Is this picture, from Speed's translation ing the temperature at difficrent depths. The from Tacitus, that of a burbarian? " Bedue in hor Chariot doing the parts of a most noble Generall droue from troops to troops to see and commend their forwardnesse; and dismounting attended with her two daughters, and two hundred and thirty thousand resolute Br taine a gat her ed by the liability to be called upon to turn ont to a gest made of marish turkes, after the manner his pockets and show how much money he has of the Romans, apparelled in a loose gowne of about him. No one is allowed to take ur sould changeable colours, wearing a kirlle thereun- more than 3,000 roubles over the frontier withder very thick pleited, the tresses of her yellow out paying one copeck for every 100 ronbles huire hanging downe to the skirts. About her above that sum. In reality it is part of M. de nocke shee had a chaine of gold, and in her Witte's determined policy to put a stop to hand held a light spears, being of personage speculation in paper roubles, whole waggon-leads tall, and of a comely cheerful countenance, and of which used formerly to be conveyed back. so awhile she stood pawsing, in viewing her wards and forwards for that purpose between Shangoni Armio, and being regarded with reverend silence. Berlin and St. Petersburg. nt length she spake unto them." Nor should it be forgotton that Casar ex. A young lady in the naighbourhood of Borlin pressly states that the Druids kept the public has had to pay dearly for a practical joke of annuls and private records in the Greek char- which she was guilty, and which was prompted Houghous. acter, and that Gaulish youths name to Britain by a spirit of revenge. It appears that she had Victoria Pask Here we touch upon written history-pre- landed proprietor living in the same district. Masso ...... historic man has merged into historic man, and and in order to pay him out, she conceived the Hostory Does the record of the past justify us in read paper us a matrimouist agent. Being a well Manila x 20.88 85 47 838 4 b ing into the future? Is iron the net motal to known personage he received within a few days | Cape S. James | 20,07 civilise mankind? Already there seem to be some sixty applications, much to his unnovance. 2nd MARCH, ar 16 a.m. the fore-cast shadows of coming events upon us. Suspecting who the culprit was he showed the Windlepstock 30.12 | 16 100 | The bronze age philosopher could scarce have young lady's photograph at the office of the Tokio dreamed of iron, most of us can scarce dream of paper, and the original was declared to be the Shanghai a substitute for it. But iron has its disadvant- person who handed in the advertisement. She Foodhow ...... 20.01 56 04 nges; it is very heavy, it rapidly deteriorates. We that escaped by means of a private arrangement. Amoy at a 80,00 for 88,00 want a more stable material for our huge ships, by which she has to pay the sput of & buto a Annua want our great bridges and buildings. Is there any pertain charitable object. motal that possesses there properties? There is. Aluminium seems just to fill the conditions; - its ares are found everywhere, were plentifully by far than those of iron; it is only a third the weight of iron; it is almost as beautiful as silver and far more stable, for it will not rust in moist air nor deteriorate under the fumes of sulpliar, neither do ordinary acids affect it It is hard enough for all practical purposes. and some of its alloys are hard as steel. Its many good qualities one cannot altempt to enumerate. May it not be that we are on the eve of an Aluminium Ago ? The rarer copper preceded the commoner iron, and so the more plentiful aluminium may succeed it. Copper and bronze were not shut out from their ministry to human wents by iron; neither will iron be altogether supplanted by its bountiful rival. If we may read the future by the past, we may look to accession and not to superession as the story of the timethat is to be. CONTON NOTES. FROM THE "CHUNG MGOI SAN PO." The city is vey busy making preparations for sending present to Peking in honour of the sixtleth birthay of the Empress Dowager. Ebony wood wees use to be a part of the present and the mkers of this article are working day and night iside the city. All seals of ofte of different ranks were opened on the 24th ultin after the New Year, holidays. On that day allofficials went to the Governor's Mar, and light variable winds and smooth son, Yamen to waitapon him and to witness the cloudy from swafow to port. Steamers in Swaceremony of wohipping towards the North Un the evenin of the 22 d ultimo a banquet Taicheong. was given by & Governor in his vamen to which AdmiraChang and the Commanderin chief of the lat forces. Tong, were invited. A pleasant nighten spent and the party broke up at a late hour. Li Ka cheak, to officer in charge of the West Gate district, colocted a large number of soldiers to the anatral temple in the Fu Hok street inside the ity on the 24th ultimo and. succeeded in secting the arrest of Lan Saiand fourteen othe who were charged with having represented emselves to be officials and extorted money bin the people. The acoused wore taken to thenagistrate's prison pending On the 23rd ulbo a fire took place in the Tai-kong village the Namhoi district, It commenced at abit eleven o'clock in the evening and was not glunder till eight o'clock the following morning The number of houses destroyed was upwds of 400 and many banks, ON LONDON rice, and piece glis shops were among the number. The fir was the work of incendiaries and whenthe poor inhabitants were removing their gd. and furniture they were robbed by bands derigands, the latter taking the opportunity of! the watchmen and soldiers being engaged in squing the fire. The local authorities have ared at Canton to report the disaster to the highlicials. SOME DATERS OF SELF. DIGGING. That extremely unl committee of the British Medical Association a Therapeutic Committee has just issued its loial report of an inquiry instituted to bring and define the dangers said to be associated the certain drugs largely daed by the member the public on their On own initiative. Thehief of these drugs is antipyrin, one of theyourite ramedies of the modern victims of nellgia. The investigation ON YOKOHAMA -

IMPERE QUARTO. DITONAR<del>Y.</del> WITH THE STI AND MANDARIN

An Anglo-Chinesictionary, published at the Daily P. Office, Hongkong. For comprehereness and practical service this Work stan unrivalled. All the new words which the meso have of latey ears been compelled to coil express the numerous objects in machin, photography, telegraphy, and in science stally, which the rapid advance of foreign relations imposed upon them, are here given in elso. Each and every word is fully illustrated explained, forming exercises for students of jost instructive nature. Both the Court and inti pronunciations are given the accents being refully marked on the best principle hith attained. The typography displays the sess of an attempt to make the Chinese and Rish type correspond in the size of body, ther effecting a vast economy of space, achiev a clearness not previously attained, and sensing with those vast margins and vacant wis which have heretofore charac-

torized Chinoublications. To illustrathe vast scope of the work the following faire submitted for consideration:-- \ Chalmers labulary contains about 16,000 Chinese cloters, and Medhurst's English and ChineDictionary about 100,000, whilst this work this is more than 50,000 English words, andwards of 600,000 Chinese characters. Ag despite all the grammars and student of alifficult language absolutely reunives a les to display the various applications admivalents of different words which have one peral meaning. Of these examples this working more than five times as

many alv other Dictionary hitherte pub-Itical purposes the arrangement of -so complete that a reference to its les's person who understands English to comicate effectively with natives who underling but Chinese. In this respect will be found indispensable to all rds residing in China, and to the natives Be it explains subjects fully with which indeed of them are perfectly accusinted. es resident in England and interested it cannot but be invaluable occasion
